Chemistry

**ARE YOU PREPARED FOR YOUR HSC EXAM?**

At Matrix, we have the most experienced HSC teachers working with the best resources to help you meet your ATAR goals. We know exactly what it takes to maximise your chance of success, and will teach you the most effective examination strategies and techniques.

**COURSE OBJECTIVE**

This course will provide Year 12 Chemistry students with an intensive and interactive revision of the core topics from the HSC course in preparation for the HSC examination.

**Topics covered:**

- Production of Materials
- Acidic Environment
- Chemical Monitoring & Management

**STUDENTS LEARN**

- To integrate knowledge, understanding and skills developed in the Chemistry course to solve unfamiliar problems.
- To analyse a variety of examination-style questions, including past trial and HSC examination questions.
- Problem-solving strategies.
- Exam techniques to maximise marks in the HSC examination.

**STUDENTS RECEIVE**

3 hours x 5 days of tuition from a Chemistry education specialist providing:

- Exam strategies
- Effective problem solving techniques
- Detailed explanations of problems in each topic

3 x 100 page resource booklets containing:

- Concise summaries of each topic
- More than 120 HSC exam-style questions
- Questions applying a variety of effective problem solving strategies

**WHO SHOULD APPLY**

Year 12 Chemistry students who need to:

- Revise their knowledge and understanding of core topics in the HSC Chemistry course.
- Improve their problem solving written communication skills for the HSC exam.

This course is not advised for any students who have already attended the Matrix Trial Exam Prep Course.

**TEACHER PROFILE**

Jeremiah Matson
Qualifications:
Bachelor of Science (Biology)
Cedarville University (USA)

Experience:
Jeremiah has taught secondary students Chemistry and Biology for over 5 years. He has also worked with undergraduates and instructed a number of nursing and biology laboratory courses. Jeremiah is the co-author of both the Matrix Biology and Matrix Chemistry programs, course materials and assessments.

Awards:
National Merit Scholarship Recipient, Junior Achievement Scholarship Recipient

**WHAT OUR PAST STUDENTS SAY**

“The teacher was informative, had a lot of depth and really knew what they were talking about.”

- Jennifer Jung Mee Rah, 2011 HSC Student
