**Year 10 English & Math**

**LEARN KEY SKILLS IN THE HOLIDAYS!**

Year 10 is one of the foundation years for your HSC success, so the skills to learn now can make all the difference later. At Matrix we have the most experienced teachers working with the best, time-tested resources to help you excel.

**COURSE OBJECTIVE**

To help equip students with critical skills in English & Math, and ensure they have the foundation for success in the HSC English & Maths.

**ENGLISH STUDENTS LEARN**

**Writing about Poetry**
- How to identify and use textual cohesive devices unique to poetry such as form, rhyme and enjambment.
- How to use critical reading strategies to identify key information.
- How to evaluate author’s purpose, audience, attitude, argument within the poetry text type.

**MATH STUDENTS LEARN**

**Further Trigonometry**
- Relationships between the sine and cosine ratios of complementary angles.
- Solving problems involving exact ratios for angles of 30, 45 and 60 degrees.
- Finding trigonometric ratios of obtuse angles.
- Applying the sine and cosine rules to a variety of triangles.
- Solving practical problems involving the sine & cosine rules.
- Finding areas of triangles given two sides and the included angle.

**STRUCTURE**
- 2 Lessons over 2 Days
- 2 Hours a Day
- Date: Monday 22nd & Tuesday 23rd April 2013

**ENGLISH STUDENTS RECEIVE**

A booklet that contains writing templates, sample thesis statements and paragraphs, tips for academic register, structure and techniques.

**MATH STUDENTS RECEIVE**

A booklet containing the theory, worked examples & exercises (approximately 50 pages) on Further Trigonometry.

**LOCATIONS**

**CHATSWOOD**
Level 1, 24 Thomas Street
Chatswood, 2067

**STRATHFIELD**
Level 8, Strathfield Plaza
11 The Boulevarde
Strathfield, 2135
